## MITCHEN GETS SIX MONTHS IN 'FARM'

Young Colored Man Also Fined \$50 for Contributing to Delinquency of Verdel Bean, Age 16.

### TAKEN TO PENAL FARM TODAY

Suit to Prevent Storing Explosives Where Explosion Occurred Last December to be Tried Here

Frank Mitchen, age twenty-one years, colored, who was sentenced to serve six months in the state penal farm and fined \$50 and costs by Judge Will M. Sparks in the circuit court yesterday afternoon, was taken to Greencastle to begin his sentence today, by Sheriff Jones.

Mitchen, who was arrested in Indianapolis last week, after it was learned he had been instrumental in causing Verdel Bean, sixteen-year-old daughter of Prof. and Mrs. J. E. Bean, also colored, to leave home, was brought here last Saturday and was formally charged with contributing to the delinquency of a minor, in juvenile court. His bond was placed at \$500 and he remained in jail over Sunday.

Mitchen submitted his case to the court without a jury, and after submission of the evidence, the judge returned finding and judgment of guilty, which carried with it the fine and penal farm sentence.

Mitchen's wife, Anna Mitchen, who is also said to have had a part in spiriting Miss Bean away from home last Tuesday, disappeared before her husband was arrested and has never been apprehended.

Lawrence Coleman, son of the Rev. Mr. Coleman, pastor of the Second M. E. church, who is charged with the same offense as Mitchen was, in juvenile court, is still at liberty under \$500 bond. He is alleged to have provided the money with which the Bean girl and Mitchen went to Indianapolis.

An injunction suit to prevent the storage of dynamite, nitroglycerin and other explosive substances on the farm of Robert F. Ramer in Decatur county, in the vicinity of the place where an explosion caused the death of one man last December, has reached the Rush circuit court on change of venue from Greensburg.

The suit was filed January 7 of this year by Frank H. Sefton, a neighbor of Ramer, and when the defendant did not obey a restraining order issued in the Decatur circuit court, ordering him temporarily not to permit the storing of explosives on his farm, he was found guilty of contempt of court January 25 and fined. Ramer's motion for a new trial of the contempt case was overruled and he appealed the case to the supreme court January 31.

Alleging that his cause was prejudiced in Decatur county, Ramer asked a change of venue in the original injunction suit and it was sent here. Sefton says in his complaint that Ramer is allowing to be stored on his farm, in frame structure 10 by 15 feet, not more than 50 rods from Sefton's home, from 300 to 1,000 quarts at a time of the explosives. He sets forth that the material is highly explosive and dangerous and is likely to explode at any time to the great and irreparable injury of the plaintiff.

The complaint calls attention to the explosion on the Noah Dashiell farm, in the same neighborhood, in December last year, when one man was killed and window lights were broken in homes for miles around. The explosion was very audible here.

Ramer's defense in the contempt proceedings was that he had no control over the storing of explosives on his farm because he had rented the site to the company owning the explosives and had no control over it.

## CITY STREETS ARE OILED

Delay in Applying Annual Coat Due to Slowness of Shipment

The unpaved streets of this city are receiving their dressing of oil by the city. The city council bought this oil some time ago and there has been many complaints because the shipment was delayed. It is now arriving and during the next few days all unpaved streets in this city will have been oiled. The streets were formerly oiled by individuals but now the city buys oil with fund from a special tax levy. All streets now receive the same treatment.

## EDUCATIONAL DAY EXERCISES TOMORROW

Diplomas Will be Awarded to 127 at Graduation of County 8th Grade Pupils

### REV. L. E. BROWN TO SPEAK

The annual Educational day exercises will be held at the Graham Annex auditorium tomorrow afternoon at 2 p. m. The class address will be delivered by the Rev. L. E. Brown, pastor of the Main Street Christian church of this city. Music will be furnished by an orchestra and the invocation will be offered by the Rev. J. H. French of Glenwood. The presentation of the diplomas will be made of County Superintendent George at the close of the program. There are 127 graduates in the class.

The different townships will meet at the court house and will march in a body to the school auditorium where they will be seated by townships. Educational day is one of the most noted in the life of the school children. They leave the lower grades to take up a higher learning and it is with a thrill of pride and satisfaction that the diplomas are received by the pupils. One of the largest crowds in the history of Rush county's Educational days is expected here tomorrow.

## CROWD AUGMENTED BY NEW ARRIVALS

Amid Blare of Bands and Mixture of Colors, Shriners Continue to Arrive in Indianapolis

### FIRST BUSINESS SESSION

(By United Press.)

Indianapolis, Ind., June 10.—Amid the blare of bands and a mixture of colors which never came from a rainbow, thousands of Shriners detained here today to augment the number already here for the 49th session of the ancient Arabic order. The last train was to arrive here late today.

Turning the Hoosier capital into a large playhouse, the Shriners are continuing their fun today.

The first business session was held today at the Murat Temple. Mayor Jewett delivered the city's address of welcome and Gov. Goodrich spoke on behalf of the state.

The most important business will come Thursday with the advancement of officers.

### SMALL BOYS DROWN

Bluffton, Ind., June 10.—Robert Kreigh, age eight, and Max Gardner, age seven, were drowned yesterday in a pond in the Miller quarry, which is east of Bluffton. The lads, who were cousins, dived in water thirty feet deep without knowing how to swim. Previously they have been fishing, but tired of that and decided to take a bath.

## STILL CONSIDER REASSESSING CITY

Board of Review Has Not Given Up Idea of Visiting Each Taxpayer in Rushville.

### PAY VISIT TO STATE BOARD

County Assessor and Auditor Get No Advice Worth While—Assessor's Pay Held Up.

It developed today that the county board of review had not entirely given up the idea of reassessing Rushville city by visiting each taxpayer. This matter was again under consideration this morning when the board met, after a few cases of inequalities in assessment of real estate and improvements were rectified by making increases and decreases.

Earl Priest, county assessor, and Will McMillin, county auditor, both members of the board, were in Indianapolis yesterday afternoon in consultation with the state board of tax commissioners regarding the inequalities of the appraisements in the city of Rushville. They reported to the board this morning that the state tax commissioners offered very little advice to help them in the situation. Some members of the board are convinced that the only equitable way for the board to reassess the city is to visit the taxpayers instead of sitting in the office and doing the work.

The only solace the state board offered the two members of the local board was to cite examples elsewhere in the state where conditions were worse than in Rushville. It is not any more a question of rectifying inequalities in this city than it is of raising the total valuations to a standard set elsewhere in the county. While every township more than doubled its tax values, there was not a net gain of fifty percent in the city of Rushville. Values of lots and improvements actually showed a loss, which was offset by the big gain in personal property.

The commissioners refused to allow the salary of \$380, due George Aultman as Rushville township assessor, at their June meeting, until the books are set right. Mr. Aultman stated to the board that he was ready to fix the books, but the board has come to the conclusion that it is "holding the bag" because neither the township assessor nor the board itself has any fund with which to do reassessment work.

It cost more to assess the property of Rush county this year than ever before, the commissioners' claim record shows, due largely to the increase in salaries granted to assessors and deputies by the last legislature. It was necessary to advance the salaries in order to get anyone to do the assessing. A number of assessors resigned before the salary increase bill was passed.

The pay of township assessors is \$248 each, with the exception of Rushville township; Jackson township, where the assessor received \$245; Union, where the assessor's pay was \$249.50, and Washington, where the assessor was paid \$258. Pay of deputies ranged from \$30 to \$188, according to the time they worked. The cost by townships was as follows:

Ripley, \$503; Posey, \$433; Walker, \$407; Orange, \$412; Anderson, \$435; Rushville, \$900, exclusive of the township assessor's salary; Jackson, \$415; Center, \$435; Union, \$437; Washington, \$300; Noble, \$407; Richland, \$410.

### KILLED IN TAIL SPIN

St. Louis, Mo., June 10.—Oscar Bricks, of Wabash, Ind., was killed at Hannibal, Mo., shortly after noon today when his airplane went into a tail spin, according to word received here.

## MAGNITUDE CAN'T BE COMPREHENDED

Shriners Meeting Staged on Lavish Scale With Which Average Hoosier is Not Familiar

### MANY VISITORS FROM HERE

Immense Crowd at Round-up Enjoys Sensations of Circus With The Patomime Missing

Shriners and others from here who attended the first day, yesterday, of the Round-Up and week of fun which the Nobles from all parts of the continent are enjoying in Indianapolis, say that the magnitude of the annual meeting of the Ancient Arabic Order of the Mystic Shrine, can scarcely be comprehended. The event is staged on a lavish and gigantic scale with which the average Hoosier is not familiar.

The Round-Up, which is being conducted at the state fair grounds in connection with the Shriners' meeting, is of such magnitude that the crowd of several thousand people there yesterday enjoyed the same sensation as attending a three-ring circus. There was an air of reality at the Round-Up which is never found in a circus because there was no acting about the work of the cowboys and cowgirls.

The falls that the cowboys sustained from bucking horses and steers and the bruises that cowgirls received in attempting to control fractious wild horses were not pantomime. The horses were not trained to buck and then become docile as lambs after the performance.

The program for the afternoon included fancy roping, bronco riding by four cowgirls, a Roman standing race, steer roping, trick riding, broncho riding by cowboys, steer bulldogging, cowboy broncho riding, wild steer roping, bulldogging a steer from a speeding automobile, an attempt to ride "Dun Gawn," said to be the world's greatest bucking horse and a wild horse race.

One of the greatest thrills staged by the cowboys was bulldogging wild steers. In this feat the cowboy plunges from a galloping horse onto the steer's back, grabs it by the horns and throws it to the ground, holding it there.

The headline feature was the bulldogging of a steer from an automobile driven by Tex Austin, Tex Parker of Globe, Ariz., standing on the running board of the machine, jumped and threw his animal after a second attempt.

Steer roping was another thriller. The world's record, which was made under more favorable circumstances than at the Fair Grounds, is 17 seconds. Johnny Judd of Poncha City, Okla., threw his steer and tied it in 40 seconds.

Remarkable speed in changing saddles was shown in the relay race, which was won in a walkaway by Harry Walters of Cheyenne, Wyo. In this race, three laps were made around the half-mile track and at the end of each lap the rider had to change horses and saddles. Walters changed his saddles about as quickly as mechanics changed tires during the Speedway race.

New stunts with the rope were executed by five cowboys in the first event of the program.

### INDIANAPOLIS BOY DROWNS

Indianapolis, Ind., June 10.—John Holliday Macbeth, eleven-year-old son of Mr. and Mrs. Norman Macbeth, of Los Angeles, grandson of John H. Holliday, 1121 North Meridian street lost his life Monday night, when wading in White river, near the Holliday summer home.

## RATIFY THE RESOLUTION

Illinois and Wisconsin Legislatures Favor Woman's Suffrage.

(By United Press.)  
Springfield, Ill., June 10.—Illinois ratified the national suffrage amendment. The house adopted and ratified the resolution in three minutes after convening today and the senate passed the house resolution within a half hour.

Madison, Wis., June 10.—The state legislature today passed the resolution ratifying the woman's suffrage amendment to the state constitution.

## ERNEST PITTMAN IS SENT TO REFORMATORY

New Salem Boy is Taken to Jeffersonville Today to Begin 2-to-14 Years Term

### WAS CONVICTED OF FORGERY

Ernest Pittman, age 20, of near New Salem who was found guilty of forgery in the Decatur circuit court last week, has been sentenced to the state reformatory for a period of two to fourteen years. He was taken to the reformatory today to begin serving his sentence.

Pittman was arrested Monday, April 28 at his home near New Salem by John F. McKee, a member of the Rush County Horse Thief Detectives association. He was charged with forging two checks on the Clarksburg State bank, whereby he obtained \$75. This was later returned to the bank after being found in a wheat drill where he had concealed it upon the approach of Mr. McKee. The checks were drawn on the Miroy bank, the first being for \$50, made payable to Chester Taylor by Albert Capp, and the second to Ed Beecraft, with the signature of Elbert Pool.

## TO OPEN PEACE TREATY LEAK PROBE TOMORROW

With Text of Terms Before Country Senate Committee Prepares to Query Financiers

### 55,000 COPIES OF TREATY

(By United Press.)

Washington, June 10.—The text of the peace treaty before the country by the senate's orders, despite President Wilson's opposition, the senate foreign relations committee today prepared to query New York financiers on Wednesday concerning the treaty leak.

All records of the government printing office were broken when 55,000 copies of the text were printed and are in the hands of the senate today.

Yesterday's debate, senators declared today, did more to intensify partisan bitterness on the treaty question than any discussion in which the senate had engaged. Reports of the matter were cabled to President Wilson but it is doubtful whether he will take any immediate action.

J. P. Morgan, Frank Vanderbilt and Henry Davison today wired Senator Lodge that they will be in Washington Wednesday to testify, as witnesses in the treaty league investigation. Word was expected during the day from Paul Warburg, Jacob Schiff, Thomas Lamont and six men subpoenaed by the foreign relations committee.

In announcing the financiers had answered the senate's summons, Lodge stated that the investigation would be public.

## REPORTS BEFORE BIG FOUR TODAY

Some of Them Answering German Counter Proposals Are Ready to go Into Allied Reply

### WILL BE SUBMITTED FRIDAY

In Reports of Commissions Are Question of Reparation and Admitting Hung to League

(By United Press.)

Paris, June 10.—Reports of the various allied commissions regarding German counter proposals were before the Big Four today.

Some of the reports, it was learned, are ready to be incorporated in the allied reply, expected to be submitted Friday, while other problems will result in further discussion.

In this category are the questions of a fixed sum for reparation and early admission of Germany to the league of nations. A lively debate on the latter was anticipated. The British and Americans are understood to favor the earliest possible admission of the Germans, the French hotly opposing.

The Big Four representatives expect to devote some time to solution of the problems presented by the three cornered warfare in which the Roumanians, Czechs and Hungarians figure. The allies are reported to have dispatched an ultimatum to the Hungarian-Soviet government demanding that they cease their attacks on the Czechs.

The Adriatic question, it was reported, has been virtually settled. The United Press is able to outline this plan as follows:

1.—Fiume is to be made a free state under the protection of the league of nations, together with considerable surrounding territory, but becomes a free state.

—Sebenico will go to the Jugoslavs.

3.—Zara will become a free city under Italian control.

4.—Certain Adriatic Island adjacent to the Jugo-Slavs' coast will be awarded to the Italians.

5.—A plebiscite will be held in five years to determine whether the people of Fiume desire to remain under the protection of the league of nations or become subject to either Italy or Jugo-Slavia.

The signing of the peace treaty by Germany before July and its ratification by the various parliaments before August is predicted by the Echo de Paris.

## WOULD OPEN WAY FOR PEACE WITH GERMANY

Senator Knox Introduces Resolution to Reserve For Future Consideration the League.

### WOULD LEAVE IT TO PEOPLE

Washington, June 10.—Senator Knox today offered a resolution in the senate that in the sense of that body that the peace treaty be so drawn "to permit any nation to reserve without prejudice for the future, separate and full consideration by its people of the question of the league of nations."

The resolution declared that this would permit immediate conclusion of peace with Germany and gave notice to the peace conference that in conclusion of such a provision "will facilitate the early acceptance of the treaty by the senate."

Nor would it interfere, the resolution stated, with the organization of a league of nations or with participation of the United States in league activities pending final decision by the American people and the senate as to whether they wanted to accept the obligations of league membership.

### LAUNCH BOOM FOR SENATOR JOHNSON

Senators Borah and Kenyon Join in Announcement of Plan to Nominate Colleague.

#### WHAT PLATFORM CONTAINS

(By United Press.)

Washington, June 10.—Senator Hiram Johnson, California, is the candidate of the senate progressive leaders for the presidential nomination of 1920. Senators Borah and Kenyon join today in this announcement, declaring support from all senate progressives and from a group of liberals. These men have begun action on the campaign to get supporters behind Johnson.

Johnson's supporters plan, Borah said, to go immediately into all states where plans for the national election prevail, in hope of getting an early test of Johnson sentiment.

"His speech on the league of nations was made the climax. From all over the country men of prominence have been writing in and some have come for conferences with Johnson.

The platform upon which Johnson is put forward as the republican candidate contains the following planks:

- 1—No permanent entanglement alliance with Europe and meddling by Europeans in American affairs.
- 2—Immediate return of all American troops from abroad, especially those in Russia.
- 3—Complete restoration of free speech, free press and right of being assembled.
- 4—A labor program based on incorporation of greater interest of workers in their industries.

#### MEETING PLACE IS CHANGED

German National Assembly to Gather at Weimar, Not Berlin

(By United Press.)

Berlin, June 10.—The meeting of the national assembly called for Thursday to discuss the peace situation, will be held in Weimar instead of Berlin, it was announced today.

Despite the doubt cast by government leaders on the well advertised rumor of the forthcoming "peoples coup" to overthrow the present regime, War Minister Noske takes no chances. Guards are in readiness for any eventualities, he stated.

#### 60 KILLED; ELECTION RIOT

Laredo, Texas, June 10.—Sixty persons were killed and many wounded in election riots in Monterey, Mexico, last night according to a message received by Mexican officials in Nuevo Laredo today. Officials had no confirmation. Dispatches yesterday said one man was killed and three wounded in disturbances in Sunday's election in the state of Nuevo Leon. Juan Cargia anti-Carranza candidate was reported elected.

#### RALPH PEA IS BACK

Ralph Pea arrived home Saturday afternoon, having been discharged from the military service in an eastern camp. He was overseas several months.

#### GIRL SPRAINS ANKLE

Miss Margaret Kirk, daughter of Mr. and Mrs. Thomas Kirk of West Third street sustained a painful injury yesterday when she fell at the Catholic school grounds and sprained her ankle.

#### STATED MEETING

A stated meeting of the Phoenix Lodge No. 62, will be held Tuesday evening in the Masonic hall, at 8:00 o'clock.

### BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original **GOLD MEDAL** Haaslem Oil Capsules, imported fresh every month from the laboratories in Haaslem, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

### A TRIAL WILL CONVINCE YOU.

**NOTHING** that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

## Chamberlain's Tablets

## FRIDAY, JUNE 13th

BEGINNING AT ONE O'CLOCK P. M.

I Piano, Dining Table, Chairs, Rocking Chairs, Carpets, Rugs, Heating Stove, Buffet, Bedroom Suit, Writing Desk, Bookcase, some Dishes, Porch Swing, Refrigerator, Etc.

### TERMS CASH

## O. C. BRANN

### A FEW FEEDING FACTS

Improper feeding—extra time consumed, feed wasted and cash lost—in Indiana has been estimated to cost about \$7,000,000. A great deal of this loss is attributed to exclusive corn feeding. Farm fed animals require an average of about 62 hours to digest their corn. The digestibility of corn ranges from 75% to 60%. There are much better and cheaper fertilizers than corn. Is it good business judgment to waste from 14 to 22 pounds of corn to a bushel?

Have you ever tried any of these feeds: Fat Back Hog Feed, Golden Grain Cattle Fattener or Golden Grain Horse Feed? It will pay you and please us.

## WINKLER GRAIN CO.

RUSHVILLE, IND.

## PUBLIC SALE

### WANTED

EVERY HOG RAISER IN RUSH COUNTY to know that we have plenty of pure potent Thorntown serum at any time you want it. The serum is as good as can be made and for a recommendation, ask anybody that has used it. Every one who has vaccinating done wants the best serum he can buy, and this is guaranteed to give satisfaction.

See or Call **RALPH H. MILES**, office over Rushville National Bank. Phone 2034 or Raleigh phone.

## 14,500 Miles to the Set of Tires

## New National Average established by The FRANKLIN CAR

A nation-wide investigation among Franklin owners has just been completed. It covered all types of the present model in every part of the country, which have been driven day by day for over two years. The results show a delivery of over 14,500 miles to the complete set of tires.

### Has Delivered More Than Claimed

When in 1916 the present chassis was put on the market, it was known that its lighter weight would give greater tire economy. Yet former records of 10,000 miles were not changed in Franklin statements of performance. Actual results were available. Franklin statements are based on facts, not on estimates.

It is Car Principles That Count—Not Tires Only

This newly proved economy is full fresh evidence that even the best tires cannot compensate for bad principles of automobile construction. That is why the Franklin car is the only one that can deliver more than claimed.

Lightness of unsprung weight—weight below the springs—must in the future be the continual aim of car designers. That light total weight and flexible construction throughout the car are indispensable to low upkeep.

### In the Lead for Seventeen Years

The Franklin Car has always led in economy because for seventeen years it has been continually perfected by the application of those principles which are the basis of economy. To the average running expense of its owners is indicated by the figures:

20 miles to the gallon of gasoline  
14,500 miles to the set of tires  
50% lower yearly depreciation

### Days Pickings

The Ben Davis Ladies Aid Society will give an ice-cream and strawberry festival Friday evening, June 13. Everybody is invited to attend.

The funeral services of Charles Moorman, who died Sunday evening at his home on West Seventh street will be held Wednesday morning at nine o'clock in the Catholic church. Burial will take place in the Calvary cemetery.

—Donald Moore, son of Mr. and Mrs. Charles Moore of this city, who is now stationed at Fort Harrison, Indianapolis, in the base hospital will be taken to Denver, Colorado, in the near future where he will receive treatment for his lungs. He was gassed during the fighting on the Western front. It is thought that he will recover from the ill effects in a short time with the proper treatment.

**THE Buick Valve-in-Head motor is, first of all, a clean-cut motor. It acts cleanly, it concentrates, it becomes more efficient—because the cylinders of this motor are true cylinders—they have no side-pockets, no by-ways through which to lose power.**

The full force of the explosion acts on the piston-head, where it conserves power. After each piston stroke the cylinders clear themselves of dead gas, so that they are filled with all fresh gas for each succeeding explosion.

**Sap and Salt**

By BERT MOSES

Folks who dread sickness will get it sure.

The best things you do are always done for some one else.

When money and opportunity come together, the devil makes the most of it.

A woman with a cheerful face is always beautiful, no matter how homely she is.

The fellow who says he can lick any man in town is getting ready to be licked himself.

Science has explained many things, but never why good people who do hard work are not wanted in "good" society.

Hez Heck says: "The sad part about the hereafter is that you have to die first to find out which religion was right."

tion of local officers, will take place next Sunday night.

The meeting tonight will begin at eight o'clock. Everybody is welcome to attend.

**WAR WORKER ADMIRES CAR**

Manufacturer Congratulated by Mrs. Ballington Booth, Head of Volunteers of America.

The Car Loaned Her by General Pershing Never Flattered on Hazardous Trips.

Among the numerous letters of congratulation received by Dodge Brothers on the performance of their 14,000 cars serving with the American army, there is one in particular which the manufacturers especially prize. It was written by Mrs. Ballington Booth, one of the chiefs of the Volunteers of America, the organization that endeared itself to the American doughboys for its splendid welfare work in the European war.

The letter, which is in most respects similar to hundreds of others commenting on the service given by Dodge Brothers motor car, is as follows:

"Several times while traveling through France and Germany I was inspired to exclaim: 'I really must write to the Dodge Company when I get home and tell them what I think of their car.' Now that I am home that intention has not weakened. I have spent the whole of this winter in France and Germany amid the mud and rain and shell-torn roads of the battle front, and later over the steep mountains and through the narrow gorges between Luxemburg and the Rhine.

"Gen. Pershing gave me for my use while I served the A. E. F., a Dodge car. With my little company of entertainers I was enabled to go to many of the boys in isolated spots who had no transportation to send for me and would have gone without entertainments had I not had my car. We traveled hundreds of miles, sometimes over almost impassable roads. We scaled mountains, where at every minute we had reason to fear that our little car might balk at further pressure. But we never had a minute's trouble. I can say most emphatically that the Dodge gave splendid service and held out where we have found other cars disabled by the roadside.

"When my service with the army was through and I had to return the car to them I felt as if I was parting with a personal friend and wished that it could run me down to Brest and be taken aboard the transport and sail for home with me.

"From what I have heard from many sources, I believe that others have had just as successful experience with the Dodge at the front as we have had."

The cars that served in the army were of standard specifications, precisely like the Dodge Brothers motor cars that are being built day after day for domestic and foreign markets.

**CAMPAIGN AGAINST CARELESS THRESHERS**

Department of Agriculture Wants Clean Straw Piles After Threshing is Done.

**RECORDS HAVE BEEN KEPT**

Washington, June 10.—The Department of Agriculture has started a campaign against the careless thresherman. It wants only "clean straw ricks" left of the greatest grain crop the nation ever has known, according to a statement made public today. So the threshermen will be aided by the government to develop efficiency and avoid loss in separating the wheat from the chaff.

Records of the department reveal startling losses of grain "through avoidable waste of the threshermen." Tests made in "just ordinary" crop years show that an average of 25,000,000 to 27,000,000,000 bushels is thus thrown away. What it will be this year unless the waste is eliminated, the department believed would be worth much more than the campaign of education would cost the government.

In Minnesota, where the department made comprehensive tests covering 6,500 threshing machines last year, it was found that more than 25 percent of machines wasted an average of 15 bushels of grain a day each. This loss, according to the figures, was largely through machines being out of repair or through lack of adjustment. Some of the Minnesota threshers wasted as much as 50 bushels per day of the threshing season. The daily average for the 6,500 machines according to the records was: wheat, 4.69 bushels and oats, 9.1 bushels per machine.

**ORIGINATED IN PENNSYLVANIA**

(By United Press.)  
Bessemer, Pa., June 9.—Chief of Police James Finnerty, of this city declared today in a statement to the United Press that he had evidence to show that the recent bomb outrage was organized and directed from here. He declared seven bombs were manufactured in a shanty near Bessemer.

**AVOID THE OPERATING TABLE**

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured.

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others; and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

**BEAR IN MIND** that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow May Never Come — Get In Touch With Me Today.

**Are You Ruptured?**

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

**SAYS LOCAL BRANCH FAR FROM BEING DEAD**

Captain J. O. Tench of Salvation Army Comments on Accomplishments of Last Week

OVER 1,400 HEARD MESSAGE

The Rushville branch of the Salvation Army is far from dead, or at least so says Captain J. O. Tench, who has been in charge of the local work here for the past three weeks. "In fact it is so much alive that over eight hundred people heard the message of Salvation from the army here last week and fourteen found their way to the foot of the cross," declares Capt. Tench.

In spite of the intense heat, over one hundred attended the evening meeting last Sunday. At the close of the meeting nine surrendered to Christ, he says.

Enrollment of soldiers, both Junior and Seniors, and also installa-

**SUBJECT: TUESDAY NIGHT**  
"PRIVILEGES OF HIS FOLD"

**United Brethren Church**  
Emma Miller, Pastor

## EFFECTIVENESS OF PERSONAL WORK

The Rev. Fred Dennis, Points Out  
Value of Efforts of Individual  
in Saving Souls

### SOME NOTABLE EXAMPLES

The burden of the message as delivered last night by the evangelist, the Rev. Fred L. Dennis at the United Brethren revival, was the need and effectiveness of personal work in winning souls to saving faith in Jesus Christ.

"The vast majority of Christians become such upon the personal invitation of a friend. Not every Christian can pray or sing eloquently, but every Christian can and should do personal work."

The service of Andrew in bringing Peter to the Lord was emphasized.

"Much of the glory which has been given to Peter as a leader among the apostles really belongs to Andrew. For the soul of Peter would never have been aflame with gospel truth had it not been for quiet, faithful Andrew."

"God must reward the personal worker; The world never does. Few among his associates knew the business man who led Moody to Christ, thus paving the way for the salvation of others; or old Joles Stratton, the cobbler, who time after time brought John B. Gough back from the life of a gutter snipe, until at last he was able to stand forth as an ardent temperance reformer. The world little knows the worth of such unselfish service, but God knows and rewards."

## Amusements

### Elsie Ferguson at Princess

Elsie Ferguson in "The Marriage Price," is being shown at the Princess theatre tonight. This picture proves that love is the only good cause for marriage, other reasons have been tried and proved failures. "Paramount Bray Photograph," will also be shown. Tomorrow Norma Talmadge in "The New Moon," and Pathe New will be on the program. Thursday and Friday an extra will be shown, "The Silver King," featuring William Faversham and Barbara Castleton.

### Peggy Hyland at Mystic

Peggy Hyland in "Miss Adventure" is being offered at the Mystic theatre tonight. Mutt and Jeff in "Here and There," will also be shown. "The Mantle of Charity," which is on the program tomorrow, opens with light and interesting comedy. Miss Fisher is seen at her best. She plays with consummate ease the role of the supposed way-

ward girl, a broken plaything—and a pup, a very clever dog, does service as an "infant." The story takes a sudden turn after fifty scenes of solid comedy, which give a solid foundation of interest.

In these comedy scenes not another principal actor or actress enters the narrative. This in itself is an interesting feature. With the entry of other members of the cast comes a transition and the story then begins to assume a more dramatic aspect.

Because there are no dogs allowed on trains, Miss Fisher, as Norah

628 N. SEXTON ST.  
Mr. Farmer—Bring us your produce—We pay more and sell for less.

## WOMAN'S FRIEND

### POWER AND ELECTRIC WASHER

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other power washer. It is 4 inches larger than on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom.

The tubs are made of White Cedar and are 1 1/2 in. thick, which makes the best tub you can buy and will last a life time.

You do not need a wash-board when you use the Woman's Friend Power Washer. It will not roll up the clothes.

The single and double both have two stationary wringers, which make them solid and more durable than the swinging wringer.

### FIRST BREAK IN STRIKE

Scores of Telegraphers Return to Keys in Winnipeg Today

(By United Press.)

Winnipeg, June 10.—The first regular break in the ranks of the strikers occurred today as scores of deserting telegraphical Unionists regularly returned to their keys.

The return to their work followed a debate last night of the opponents to the move of the city to appropriate \$150,000 to hire a new

police force to replace the one discharged when its members refused to sign the city's ultimatum. The bill was passed by the city council.

### ACQUITTED BY JURY

Fred Stevens of near Mays was acquitted in police court yesterday by a jury when charged with operating a machine without a license plate. He had purchased the car of Ray Kays, local dealer and was operating it on a cardboard with "License Applied For" on it. This is against the state law but the jury found him not guilty.

Fine food calls for fine china!

Fine china calls for fine linen!

Then fine furniture!

—then a fine rug, and that rug must be durable, easy to keep clean and easy to handle.

Telephone Your Ads---2111

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping. Cards of thanks and obituaries are charged for at the same rate, minimum charge 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

CREDIT MEN IN MEET TODAY AT DETROIT

Discussion of Problems of Credit Will Take Greatest Length of Time of the Session

GOOD SPEAKERS ON PROGRAM

(By United Press.)

Detroit, June 10.—Two thousand members of the National Association of Credit Men were here today for the 24th annual convention of their organization. Discussion of credit problems was to begin, following an opening address to be delivered by Mayor James Coussins of Detroit.

Many forms of entertainment have been provided for the credit men during their three day's stay here. The program of the convention calls for a discussion of the various problems confronting the members, in view of the vast amount of reconstruction work necessary as a result of the war.

Prominent speakers at the sessions will include Carter Glass, Secretary of the Treasury; Paul M. Warburg, former member of the Federal Reserve Board; Edward James Cattell, of Philadelphia; Julius Henry Cohen, a leading New York lawyer, and W. H. Booth, vice-president of the Guaranty Trust Company, New York.

Addresses relating to policy and the conduct of the credit business are scheduled to be delivered by the following members: P. B. Bethel, Louisville, Ky.; George W. Gardner, of Providence, R. I.; L. Hallgren, Seattle, Wash.; J. H. Weer, Tacoma, Wash.; Freas Brown Snyder, Philadelphia; Vernon Hal. Dallas; M. S. Green, Chicago; C. D. Mäster, Worcester, Mass.; H. W. Spurrenberger, Evansville, Ind.; A. J. May, Washington; D. L. Sawyer, Milwaukee; T. J. Bartlette, New Orleans; T. J. Cree, Pittsburgh; C. Walter Varman, Baltimore and H. L. Eisen, Milwaukee.

32 YEARS' SERVICE  
Mrs. A. Waldman, 460 Glenn Ave. Fresno, Cal., writes: "When I was young I had a fever and it left me with a cough every winter. Thirty-two years ago I read about Foley's Honey and Tar and bought some and it helped me. I use it yet and it helps me every time. I am a widow 66 years old. There is nothing better for bronchial grip and similar lingering coughs and colds that hang on. Just fine for children—for croup and whooping cough. Contains no opiates. F. B. Johnson. (Adv.) 1

An elephant can pick up a needle with its trunk.

INDIGESTION IS A BAD AILMENT

PEPSINCO

IS THE BEST REMEDY

Indigestion and dyspepsia are amongst the most aggravating ordinary ailments, either can develop into serious danger. Each may exhibit dangerous aspects, in any case they are always distressful and should not be permitted. Take PEP-SINCO, which is the best remedy for indigestion on the market to-day. You will appreciate its prompt action and its complete benefits to thoroughly relieving food distress or stomach faults.

Ask your druggist—he sells and recommends Pepsinco.

## Gospel Meetings

Andersonville Christian Church beginning June 9th. M. S. Decker, of Shelbyville, Preacher; Bro. Ed. Gwinnup of New Salem, Song Leader. A hearty welcome for all.

## RUSH COUNTY FARMERS WILL JOIN WHEAT TOUR

Shelby County Fields Treated For Loose Smut to be Inspected Today and Tomorrow

### RESULTS IN RUSH COUNTY

A tour of the wheat field treated for loose smut has been arranged for in Shelby county for today and Wednesday. A party of Rush county farmers will leave Manilla at nine o'clock Wednesday morning to join the tour. The first commercial treating station for the control of loose smut in wheat that was ever established in the United States was established in Shelbyville last fall. As a result many farmers have availed themselves of the opportunity of treating their seed before sowing. Those expecting to spend the day should bring lunch. The first stop will be at the C. C. Cotton farm just west of Manilla. Seven fields will be visited and the following men will speak:—S. H. Jackson, botanist at Purdue University; D. S. Myer, assistant county agent leader, Purdue University; W. A. Ostrander, assistant in crops, Purdue university; C. B. Riley, sec'y of Indiana Grain Dealers Association; Geo. C. Bryant, U. S. crop reporter; Dr. Reed, bureau of plant industry, Washington, D. C., and J. E. Pipal Botanist, Purdue university.

There are near 60,000 acres of wheat in Rush county this year and approximately 10 percent of this is being lost by loose smut, sometimes called blasted heads. If the yield should average 20 bushels per acre and sell for \$2.10 per bushel, the 10 percent loss would mean one quarter of a million dollars to the county, almost half enough to pay the taxes outside of Rushville. This loss is enormous and entirely preventable. Every Rush County farmer therefore should avail himself of the opportunity of seeing the result of this work.

A similar meeting was held at the Ed. Chambers farm in Washington township last Friday evening, where every farmer present expressed his approval of a plan to carry on the work on extensive scale this fall.

### County News

**Mauzy**  
The Ben Davis Creek Missionary society met at the church last Thursday afternoon and elected the following officers for the coming year: president, Mrs. Theodosia Hunt; vice-president, Mrs. Helen Kirlwood; secretary, Mrs. Ruth Hasselby; assistant secretary, Mrs. Ethel Gray; treasurer, Mrs. Leona Rees; librarian, Mrs. Laura Daubenspeck.

Mr. and Mrs. W. B. Morris and family spent Sunday in Knightstown.

Miss Wilma and Miss Georgia Hunt furnished splendid music for the church services Sunday morning. Oscar Rees and Miss Georgia Hunt also sang a duet.

Mr. and Mrs. Walter Gray entertained Dr. and Mrs. Jesse L. Norris and Wilber Beaver Monday evening at a six o'clock dinner.

The Ben Davis Creek Ladies Aid Society will give a festival at the church in the near future.

### Cole Reign Road

Mr. and Mrs. Melvin Miller spent Sunday evening with William Emmeller and family.

The Rev. and Mrs. Earl Stevens and son Lowell were guests of Mr. and Mrs. Fred Krugg Monday night and Tuesday.

Mr. and Mrs. Ernest Ryckman and family spent Sunday with Mr. and Mrs. David Angle and family.

Mr. and Mrs. J. S. Ricketts and Mrs. Jack Faurete and daughter Vera spent Tuesday evening with Mr. and Mrs. Andy Jackson.

Several from this community attended the commencement exercises at Andersonville Thursday evening.

## Electric Starting, Lighting and On Pneumatic Tires

THESE THREE innovations when introduced by the Reo engineers revolutionized Motor Truck standards and multiplied Motor Truck efficiency.

THIS REO "SPEED WAGON" was the first Motor Truck to be equipped with electric starter and electric lights.

AND IT WAS ALSO THE FIRST vehicle designed exclusively for trucking—not a converted touring car, but especially designed for commercial use only—to be equipped with pneumatic tires.

THE VERY MAKERS who are now striving to imitate this Reo "Speed Wagon"—and doing so as to looks, but not in performance!—these very rivals flouted the idea when first introduced by Reo.

WE NO LONGER NEED to explain the tremendous advantages—the greater efficiency—of this type of Motor Truck.

IMITATION—the sincerest form of flattery—more to endorse the Reo idea than even every is doing that. Rivals are doing we can do.

SUFFICE IT TO SAY then, that when you have decided you need a speedy, sturdy, economical truck for your own use, prudence dictates that you insist on an original—not an imitation.

THIS REO IS THE ORIGINAL and, having been in service now more than four years—tens of thousands of them—its superiority has been proven beyond cavil.

IF YOU CAN get a Reo "Speed Wagon" you will know you have the best. If you can't—

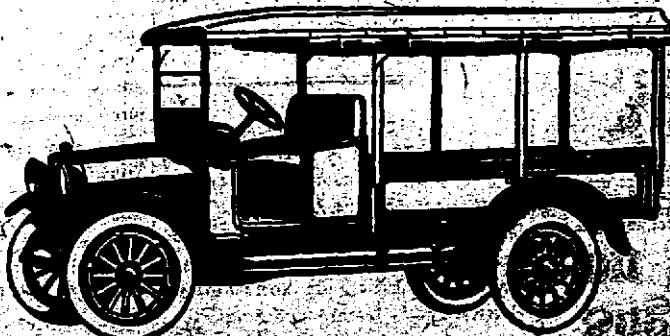

THERE'S THE RUB—demand has always been vastly greater than the output, though that also is the largest in the world of this type of truck.

OUR OWN QUOTA has never been sufficient to supply all who wanted Reos. Tardy buyers, waiting till the last moment to order have had to be denied, much to our regret.

SO THE ONLY WAY to be at all sure of getting a Reo "Speed Wagon" is to order early—now. Don't delay. Demand increases apace while there's a limit to Reo factory capacity.

BETTER SEE ABOUT THIS at once. Delay may result in your having to accept your second choice in lieu of a Reo.
